

## 5.0 INTERNET & IT SERVICES

The SJCC is the exclusive provider of IT services and internet connectivity in the SJCC. We are pleased to offer complimentary standard WiFi for every event.

Clients may also purchase custom network services and onsite technical support. IT/internet service requests must be received at least ten (10) business days prior to event date. Please contact Patrick O’Keefe at (709) 758-5491 or email [pokeefe@sjcc.ca](mailto:pokeefe@sjcc.ca) for more information.

	UHD Video Streaming	2. \$1190 per day - wired connection
	Large file sharing	

## 6.0 LOADING DOCK USE

There are two loading docks available for delivery of event items to the venue. All deliveries must be supervised. Staffing fees may apply. Loading dock usage requests must be received at least ten (10) business days prior to both unloading and reloading.

## 7.0 LUMENPULSE LIGHTING

Programmable Lumenpulse™ coloured LED lighting is available in several locations inside and outside the facility. Let everyone know you’re in town and express your event the way you want with SJCC’s exciting architectural lighting that fills the surrounding streets and interiors with every colour in your palette.
